Summary

Reliable, learning based worker seeking an electrical apprenticeship or electrical helper role. Hands-on experience with tools, measuring, reading work orders, and working in fast-paced shops. Looking to build a long-term career in the electrical trade and grow through formal training or apprenticeship.

Relevant Skills

- Hand / Power Tools: industrial band saw and shear, panel saw, miter saw, pneumatic nail & staple guns
 - TigerStop (digital miter saw), Cosen SH-500M (industrial band saw), HACO GSX 3006-R (industrial shear), Biesse (automated panel saw)
- Precise Measurement and Cutting: reading work orders, cutting to spec, checking fit and finish
- Safety Awareness: PPE use, clean work areas, attention to detail
- Material Handling: forklifts, staging materials, inventory organization
- Work Ethic: dependable, punctual, work long hours and meet deadlines, OT
- Teamwork & Communication: follows instructions, asks questions when needed, will help in any way
- Workplace Skills: quick learner, comfortable with tools, equipment, and troubleshooting. Always dedicated to finding a way to fix an issue

Relevant Professional Experience

Warehouse Associate / Material Handler / Delivery Driver

Metal Supermarkets — Huntsville, AL

August 2025 – Present

- Delivered (stake bed truck) metal orders to commercial & industrial customers (Toyota, Blue Origin)
- Measured and cut metal stock to customer specifications using shop saws and measuring tools
- Read work orders and tickets to ensure accurate material selection and order fulfillment
- Safely operated forklifts to load, unload, and stage material
- Handled mild steel, stainless steel, and aluminum of varying lengths while following safety procedures
- Organized shop floor, racks, and inventory to maintain an efficient and safe workspace
- Coordinated with salesperson and owner to prioritize orders and meet tight turnaround times
- Maintained attention to detail to prevent material waste and incorrect cuts

Saw Operator / Crate Assembler

Maven Packaging — Huntsville, AL

April 2025 – June 2025

- Read and interpret work orders to determine material requirements and build sequence
- Cut lumber to precise dimensions using panel saws, band saws, miter saws, and automated stop systems
- Produced up to 75 custom crates per day depending on workload and deadlines
- Assembled crates using pneumatic nail guns, staple guns, drills, and impact tools
- Inspected finished work to ensure quality, proper fastening, and safety (no protruding fasteners)
- Maintained an organized, safe work area in a fast-paced shop environment

Stocking Associate

Walmart, Inc. – Huntsville, AL

August 2023 – December 2024

- Unloaded trucks and staged inventory efficiently to meet nightly production goals
- Operated pallet jacks to move heavy loads safely
- Worked as part of a team under time pressure to complete tasks on schedule
- Maintained clean aisles, backroom organization, and safety standards
- Assisted customers and communicated clearly with team leads

Education

Buckhorn High School — Diploma, 2024

GPA: 3.52

Passing AP Scores:

- AP Computer Science Principles (3/5)
- AP U.S. History (3/5)

Technical & Mechanical Interests

- Built and troubleshoot a custom desktop computer (hardware selection, installation, diagnostics)
- Very comfortable with basic software, documentation, and technical learning
- Familiar with Excel, Photoshop, Premiere Pro
- Strong interest in electrical systems, tools, and skilled trades
